THE WINNING TICKET NAMED

DEMOCRATIC PRIMARIES INSTRUCT FOR CITY OFFICERS.

Large and Enthusiastic Meetings in Each Ward—Complete Harmony and Good Feeling Prevailed.

For Mayor—Z. V. Taylor.

FOR ALDERMEN :

First Ward—B. H. Merrimon and T. D. Sherwood.

Second Ward—J. W. Fry and G. W. Denny.

Third Ward—H. J. Elam and W. T. Sergeant.

Fourth Ward—Neil Ellington and J. Y. Joyner.

Fifth Ward—William Love and R. M. Phillips.

Sixth Ward—J. S. Hunter and S. H. Boyd.

Democratic primaries for the nomination of aldermen and the expression of a preference for mayor were held in the various wards last evening at 8:30 o'clock, according to the official call issued April 20th. The attendance was most gratifying, being the largest for years past and showing the patriotic interest Greensboro Democrats are taking in municipal affairs. The proceedings passed off pleasantly and business was transacted with enthusiasm.

FIRST WARD

The primary met in the Farmers' Warehouse and was organized for business by the election of Charles H. Ireland as chairman and J. Norman Wills as secretary. The following gentlemen were placed in nomination for aldermen : B. H. Merrimon, T. D. Sherwood, C. G. Wright and J. N. Leak. Messrs. Merrimon and Sherwood receiving the highest number of votes were declared the nominees.

Z. V. Taylor was the unanimous choice of the primary for mayor.

SECOND WARD.

The meeting was held in the Lindsay street graded school building. An organization was effected by electing S. C. Dodson chairman and H. W. Wharton secretary. J. W. Fry, G. W. Denny, H. B. Tatum, S. C. Dodson and J. E. Catlin were nominated for aldermen. Mr. Dodson stated that he could not accept a nomination and asked his friends to vote for some one else. The first ballot resulted as follows: Fry, 48; Denny, 43; Tatum, 6; Dodson, 1; Catlin, 5. Messrs Fry and Denny were declared the nominees.

E. M. Hendrix nominated Z. V. Taylor as the choice of the primary for mayor. Upon motion the tellers were instructed to cast the unanimous vote of the second ward for Mr. Taylor.

THIRD WARD.

The voters of the third ward assembled in the market house.

H. J. Elam, W. T. Sergeant and J. C. Murchison were placed in nomination for aldermen. Messrs. Elam and Sergeant were nominated.

Z. V. Taylor was declared the unanimous choice of the primary for mayor.

FOURTH WARD.

E J. Stafford called the primary to order in the Banner Warehouse. W. E. Bevill was made permanent chairman, with J. M. Reece and A. E. Scarborough as secretaries.

J. Y. Joyner, Neil Ellington and J. M. Walker were placed in nomination for aldermen. Mr. Walker asked that his name be withdrawn, saying he thought this was best under the circumstances. Messrs Joyner and Ellington were then nominated by acclamation.

The vote on the primary's choice for mayor resulted as follows: Z. V. Taylor, 77; W. H. Osborn, 1. Col. Osborn had declined to be a candidate and his name was not placed before the convention.

FIFTH WARD.

The fifth ward primary was held in the Ross building, on Lewis street.

For aldermen, the following gentlemen were placed in nomination: William Love, R M. Phillips, James D. Glenn, R. G. Hiatt and John Lewis. Messrs. Love and Phillips received a majority of the votes and were nominated.

Z. V. Taylor was the unanimous choice for mayor.

SIXTH WARD.

The primary was held in the Asheboro street graded school building and resulted in the nomination of J. S. Hunter and S. H. Boyd for aldermen.

The sixth ward also declared itself in favor of Z. V. Taylor succeeding himself as mayor.

The result shows that those participating in the primaries were actuated solely by a desire to further advance the interests of our progressive city, and the unanimity of purpose argues well for the success of the ticket and the future prosperity of Greensboro.

It is doubtful if a stronger ticket has ever been nominated in Greensboro. It is composed of men of recognized ability and integrity, experienced in business affairs and of sound judgment. Under their administration the city will be governed as befits the needs of the municipality.

It only remains for the Democrats of Greensboro to gird up their loins and elect the ticket, to be formally ratified by the convention tonight, by such a majority as will leave no room for doubt.

ATTEMPT AT SUICIDE.

Young Man of Charlotte Sends a Bullet into His Brain.

Special to the Telegram.

Charlotte, May 4—Sam Hawkins, a prominent young society man of Charlotte, attempted suicide this morning, by shooting himself in the head. The bullet lodged in the brain, and the hopes of recovery are very slight. It is rumored that a love affair was the cause of the attempt upon his life.

A SUGGESTION.

To the Interest of Colored Men to Vote for Public Improvements.

To the Editor of the Telegram:

It is the purpose of the Board of Aldermen nominated last night in the Democratic primaries to push forward the upbuilding of Greensboro and the improvements along the line of waterworks, sewerage, and streets as rapidly as good judgment will permit. This public spirited policy originated with the Democratic board and it is most reasonable to suppose it can be most surely and successfully carried to its legitimate end by a board representing the same spirit.

It is well for the colored voters to consider these facts, as the expenditure of $300,000 will give steady employment to many if not every colored man who wishes employment on these most important improvements. So much opportunity for labor at fair prices will mean a great deal to the laboring colored men of Greensboro, as all work of this class will of course be given to home labor. This is a matter that the colored people should think of. With all these improvements there will be two jobs where there is now one.

IMPROVEMENT.

Telegraphic Briefs Today.

The strike in the building trade still remains a conflict between rival organizations rather than between men and employes. It is estimated that at least there are 10,000 unemployed in consequence of the brotherhood of carpenters refusing to affiliate with allied building trades council.

A large steamship, believed to be a foreign tramp, is ashore on Diamond Shoals, off Cape Hatteras.

As a result of the recent blowing up of a Turkish torpedo boat on the coast of Syria, in which over a score of lives were lost, an inspection of other torpedo boats in the Turkish service was ordered. It is reported that the Sultan has decided to order six new ones.

Remarkable Growth

About six months ago Bradstreets' Commercial Agency opened an office in this city under the management of Mr. P. D. Gold, Jr. At that time the territory was unorganized and Mr. Gold required the services of only one assistant. The business has grown to such proportions that the office force now consists of seven persons.

The business of the agency throughout the world has increased proportionately, there having been over 500,000 names added to the directory within the past year.

BRITISH CAPTURE BRANDFORT

MAY ENABLE BULLER AND ROBERTS TO CO-OPERATE.

Only the Irish-Americans Resisted the British Occupancy — The March to Pretoria Begun.

By Wire to the Telegram.

Brandfort, May 3—(Delayed).—This evening the Boers are in full flight. The British attack was directed both from the east and west in such strength that the Boers were threatened with complete envelopment.

After a sharp artillery duel at short range, the Burghers fell back before the overwhelming force of British. The Boers are now retreating to Winburg.

The capture of Brandfort gives the key to one of the main roads leading to the Drakenburg passes, which may possibly enable Roberts to co-operate with Buller. It also provides for the advance of the base of supplies.

Only the Irish-American contingent fighting with the Boers resisted the British entry into Brandfort. They retired before Hutton's brigade.

The British advance to Pretoria is thus begun.

HIGH POINT CONVENTION

The Boys Went Out Loaded for Bear. The Ticket.

Correspondence of the Telegram

High Point, May 4—The opera house was full to overflowing last night. The occasion was a convention to nominate a mayor and board of aldermen for the city of High Point. The crowd was composed almost entirely of members of the labor organization and one could tell at a glance that they came there organized and pledged to support their men, and that it would be useless under the circumstances to down the body, and no one was disappointed. Mayor J. J. Cox called the convention to order and moved that a chairman be elected. W. P. Ragan was chosen. J. J. Farriss was elected secretary. E. D. Steele proposed that each ward get off to itself and caucus, nominating two men from their respective ward and naming their choice for mayor, and that the convention at large would then vote on the nominees separately. The motion was carried. The nominees are as follows: First Ward—N. W. Beeson and E. Siceloff, aldermen; J H. Wilson, mayor. Second Ward—A. R. Hammer and J. A. Burns, aldermen; Dr. J. J. Cox, mayor. Third Ward—H. W. Fraser and Thos. Barker; W. C. Jones, mayor Fourth Ward—J. H. Millis and Nerius Hodson, aldermen; J. H. Wilson, mayor. Dr. Cox and W. C. Jones asked that their names be withdrawn, as they didn't want the office. This left J. H. Wilson alone on the ticket for mayor. All the aldermen presented to the convention from the different wards were nominated by a rising vote.

No doubt another ticket will be in the field before Monday.

Miss Faye Burns gave an at home last night, complimentary to her friend Miss Pearl Elliott, of Hickory, who is visiting her.

Soldiers Brave.

Business at the recruiting station continues good. Tiring of the monotony of farm life, William L Davis, of Tyro Shops, Davidson county, and James W. Rierson, of Danbury, Stokes county, came to Greensboro a few days ago, and after passing the required examination, were accepted as factors in Uncle Sam's fighting force. They left on the noon train today for Fort Wood, N. Y., from which place they will be sent to one of the army posts in the United States.

John H. Davis, of Salem, made application at the recruiting station yesterday, but failed to pass the physical examination. He served with the late First North Carolina regiment of volunteers.

TO MANUFACTURE SHIRTS.

Plant Will Begin Operations Within a Week.

A shirt factory is to be numbered among Greensboro's varied manufacturing enterprises. Mr. G. Will Armfield is at the head of the concern, which will do business in the Fields building, on Fayetteville street. The machinery is now being placed in position and the plant will be put in operation within the next week.

The factory will start with 30 machines, which will have a capacity of 75 dozen shirts a day. At first working shirts only will be manufactured.

There is no reason why Greensboro should not be a center for the manufacture of these goods, as is Charlotte, where there are a dozen or more such factories, all doing a thriving business.

A price list of spring and summer footwear for the little folks will be found in Thacker & Brockmann's advertising space today. They make a specialty of children's shoes.

FRIDAY, MAY 4 1900.

A FINE SPIRIT.

Nothing so well shows the fine spirit prevailing among the supporters of the regular Democratic organization in the present city campaign as the act of Mr. J. M. Walker in themeeting of the nominating primary of his ward last night. When he had as good a chance of the nomination as any man present and the support of as many and as loyal friends, he arose and withdrew his name, stating that he did so for the good of the party and for the sake of the cause for which the party is fighting in this election, and did this too while there was no friction, no misunderstanding and no hard-feelings. He did so lest such feeling, by any kind of accident, be engendered. That is the spirit which actuated, not only Mr. Walker, who gave such a fine expression to it, but other Democrats as well. There is a pervading feeling that the great forward movements of the city, now but little more than in their initatory state, are in jeoparodry by opposition to the Democratic organization which is responsible for them, and for the sake of them personal considerations and self become insignificant.

THE VERDICT OF LAST NIGHT.

The primary ward system of nominating candidates in this city was adopted as a protest against the convention system, in which the will of the people was as likely to be frustrated as carried out. That the people of this town endorse this system of nominating candidates now, as they did then, was abundantly shown by the great turnout in each of the several wards last night. If the supporters of the opposition thought that the people were tired of the ward primaries and wanted to take up their way of having a few men meet in the court house and put out a ticket, their mistake was plainly shown by the unusual and enthusiastic attendance of the meetings last night. This attendance was larger than ever before and it shows what the Democrats mean to do. The verdict is unmistakable. It means that the people are keeping up their protest against clique conventions like that held in the court house when the "Citizens' ticket" was put out, that they are in favor of primary nominations, and that they will overwhelmingly vote the nominees of the Democratic primaries into office!

A MATTER OF TIME ONLY.

The Republicans of North Carolina may display a considerable quantity of grit in throwing themselves upon the track in front of the constitutional amendment, but they do not show any undue amount of judgment. The southern Republicans in the different states where legislation eliminating the negro from politics is proposed, will no doubt, in all cases oppose it. This is where they are making a mistake, and the fact that southern Republicans are fighters rather than philosophers, accounts for it.

Somewhere on the dial of fate is written that negro suffrage as it has been practiced in the South must come to an end, and the index hand is fast approaching that point. Now if the Republicans would only see this, accept it, and make the most of it, they would be philosophers. Their eyes seem to be incapable of looking above the very low horizon of the immediate spoil's table. Could they lift them higher, look further into the future, things might take on an altogether different glow. One by one the Southern States are taking measures to enact into law such provisions as will bar the negro. This is largely, if not solely, the cause for the revision of the reconstruction constitutions. The South is becoming settled in this line of policy and must finally win. That is why the Republicans are unwise in opposing it from the standpoint of their party's interest. It is coming sooner or later, and if the Republican party staves it off for awhile it will be so much the worse for that party. There is no doubt that if the negro were once out of the way the Republican party would be a great deal stronger in the South among white people than it is. Now, instead of taking advantage of this fact and further strengthening itself with the white people by helping them put the negro out, it will have laid up an additional grievance against itself by having sought to defeat that object. There is no reason why the South should not in a few years go into the line of doubtful states were the negro out of politics. So if the Republican politicians could lift their eyes to the future they would see their folly of opposing the elimination of the negro vote.

We have said that such elimination is bound to come. It is as certain as was abolition. The conscience of the Nation is being aroused on this subject. The sentiment is not confined to the South. So much so is this true that if the amendment were to fail this year, the result would only be delayed. And even if the Supreme Court were to declare it unconstitutional, we verily believe that the result would, likewise, be but delayed. This is one of those things that are bound to happen as the mere result of the fitness of things if for no other reason, and in which a way will be found or made. The movement in North Carolina this year is but a breaker on the ocean, a mere spray thrown up from the great sea of sentiment and feeling upon this subject.

The Republicans of the South are not wise in their day and generation.

BOUND TO WIN, SAYS BRYAN.

The People Are Much More In Sympathy With the Party This Year.

In an interview in Toledo, Ohio, yesterday, where he addressed 25,000 people during the day, Mr. Bryan said that the Democratic party is sure to win this year.

"The people are with us," he said, "and they are in sympathy with the principles which shall be embodied in the Kansas City platform, and which represent the feelings of the great mass of American people."

"Why do I think so? Because every principle of the Democratic party is a positive principle, more positive than was the delaration of the Republican party in 1896, and while my party has grown all the while in its firmer adherence to principle and positive declaration, the Republican party is 'trekking' in just the opposite direction; it is less positive, and its adherence to its heretofore fixed declaration of faith is now quite disregarded."

"What is your view of the Philippine war?"

"It is exactly what it has been ever since the Filipinos were denied the right of free government. I believe that the Republicans are wrong because they have taken the God-given right of liberty and self-government away from a people who have been fighting for it for years and are so determined that they are perfectly willing to sacrifice themselves to the last man in order to secure it. This will be the position of the Democratic party upon this question. Imperialism always means a transgression upon some one. Neither our government nor that of any other country can sweep away the sovereignty of a conquered people and substitute its own sovereignty for it without violating the laws of God and man. I hold exactly the same views upon the money question I always have held. I do not think the great body of Democrats have changed any more than I have and there is no occasion for the desertion of any great truth that makes up the Democratic code of principles.

"I think that Ohio is much more likely to go Democratic this year than is Nebraska ever likely to go Republican again.

"I am sure the signs of the times are very much more favorable to Democratic success and the press and people are considering Democratic victory more candidly this year than they did in 1896."

QUESTIONS ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and othaches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by Grissom & Fordham.

Dr. PIERCE'S Favorite Prescription

MAKES WEAK WOMEN STRONG AND SICK WOMEN WELL.

The success of Dr. Pierce's Favorite Prescription in the cure of diseases peculiar to women, is beyond comparison greater than that of any other medicine prepared especially for woman's use. It is not a cure-all but a scientific preparation, the prescription of an eminent living physician, still in active practice and who, assisted by his staff of nearly a score of trained physicians, treats and cures thousands of women every year. "Favorite Prescription" has an invigorating and vitalizing power peculiar to itself and a phenomenal control of diseases which attack the delicate organs of woman. It permanently cures backache, bearing-down pains, ulceration, inflammation and like ills by curing their cause. It dries up the drains, puts out the fever fire of inflammation and cures the corroding ulcer. It makes marriage a happiness and motherhood a blessing, by giving to women such an abundant vitality that the baby blossoms into life as sweetly, simply and naturally as a flower. Sick women are invited to consult Dr. Pierce by letter free of charge. All correspondence strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

MUTILATED MONEY.

SAVE THE FRAGMENTS AND UNCLE SAM WILL REDEEM THEM.

Even the Ashes of Burned Bills Are Successfully Handled by His Experts—Skillful Work in the Treasury Redemption Bureau.

One of the most interesting departments in the United States treasury is that devoted to the redemption of mutilated currency. To it are sent all varieties of bills in every conceivable stage of mutilation. It is seldom that the experts cannot decipher the burned crisps or piece together the myriad fragments. The collection is a curious one, changing every day with kaleidoscopic rapidity.

The burning of a note usually brings out its design in a sort of metallic relief upon its surface, and by means of a glass and other implements and also a full and complete knowledge of the intricate designs, no two denominations being alike, on every note issued their face value is learned with incredible dexterity.

Some arrive in fairly good condition, some shrunken and water soaked, others scorched black and twisted out of shape; many are merely thin, tiny black flakes, and in one case now under consideration the evidence consists of a small handful of black powder, which the affiant swears was $85, accidentally blown into the fire.

Often the mischief has been done by mice, handfuls of the tiniest of pieces attesting the evil ways of the rodent. Babies are another source of trouble, maniacs, victims of drunken frenzy, plowshares, sawmills—in fact, the strangest and most unheard of accidents are occurring all the time. But in a great majority of cases the money has been burned, for a common practice among people who are their own bankers seems to be the keeping of their funds in unused stoves. A cold day comes, the fire is lighted by some unsuspecting person who "didn't know it was loaded," and the owner suddenly finds that he had money to burn in spite of himself.

In one instance a man having $7,000 in government bonds, besides notes and gold, kept them in a tomato can which he placed in the elbow of his parlor stove. While he was plowing his fields company arrived, his wife had a fire kindled, and shortly he made the unpleasant discovery that his riches had taken wings. Had he sent the money just as it came from the stove, wrapped in cotton, it might have been saved, but in endeavoring to separate it it became so churned and ground up that the department was able to identify only about $2,000 for him.

An old woman who had accumulated about $600 was one night at her devotions, when the candle in some mysterious manner was overturned in the midst of the money. Now, history does not relate why it was there or whether she was returning thanks or paying a bit of homage to Mammon, but at any rate it was destroyed, and as she threw the ashes away and at the instigation of her friends picked them out again there was only enough left to return about $100 to her.

But much more fortunate were an old couple in the west. The man had been a soldier, and by the long accumulation of years they had saved a little sum, when one day the wife in going to look at it found that the mice had left only a pile of carefully sawed fragments. Almost distracted, she took it to the bank, reporting that the last time she had counted it the sum had been $275, mostly in tens and twenties. It was sent here, the tiny bits sorted and arranged as only experts can arrange them, and the necessary three-fifths of every note was found. But the best of all was that instead of $275 it was discovered that the old people's savings amounted to $350, which amount was finally sent to them, much to their joy.

Of course the greatest precaution is necessary, and the affidavits must leave no doubt as to the utter and entire destruction of the missing parts of the notes. In one case of this kind a farmer sent from Kansas some greenbacks amounting to $50, only half of each note being intact. The rest, he declared in a strong affidavit, had been destroyed and also stated in what manner, but on consulting the books it was found that one-half the sum had already been paid to another person who had sent the other halves of the notes from another part of the country. Consequently but $25 was returned to him.

Thereupon the cashier who had transacted the business for the farmer wrote such an indignant letter, saying the government had impugned the honesty of the claimant and that he would prove him in the right, that the affair was put into the hands of the secret service, the proofs exhibited and the imprudent farmer fined $1,000 for false swearing.—New York Tribune.

Christening Florida.

As to why Ponce de Leon gave the name Florida to the territory now known by that name, the Florida Farmer and Fruit Grower quotes from an old book published in 1763: "Gave it the name of Florida because it was first seen in Easter, called Pasqua de flores in the language of his country, or as Herrera alleges, because it was covered with flowers and the most beautiful blossoms." And The Farmer adds: "Those who have seen the Easter season in Florida and the wealth of flowers which still commemorate and adorn its return can well believe that both these reasons influenced the giving of its name."

Putting It Mildly.

Judge—Here, officer, this man says he was arrested for merely taking cold. Is that correct?

Officer—It is, your honor. He was stealing ice when I nabbed him.—Chicago News.

J. C. Kennedy, Roanoke, Tenn., says, "I cannot say too much for DeWitt's Witch Hazel Salve. One box cured what the doctors called an incurable ulcer on my jaw." Cures piles and all skin diseases. Look out for worthless imitations. Howard Gardner.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for conghs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by Grissom & Ford ham.

IOWA DEMOCRATS.

Come Down Hard on Trusts—Support Bryan—Mum on Silver.

The Iowa Democratic State convention at Des Moines yesterday, enthusiastically endorsed Bryan, and instructed the delegation to vote for him as a unit. The gold standard was denounced but no reference was made to 16 to 1. There were 1,000 delegates present and the proceedings were entirely harmonious. The following is a section of the platform:

"The Democratic party stands for bi-metalism and ever will. It is opposed to a money trust as much as it is to a sugar trust. The trusts must go and there is but one party that can and will accomplish it, and that is the Democratic party. You cannot hope that the Republican party will crush the trust. Do you expect a father to chastise his most obedient son? Imperialism, militarism and trusts are one. They mean a gigantic consolidation, and woe to the common people when they are united. The infinite God gave us victory with extremely small cost of life. Instantly the cry went up for a colonial system in foreign lands, the bark of imperialism was floated and the republic had departed from the moorings of its founders. If Cuba, Porto Rico and the Philippines are not to become a part of the United States, then the flag of our nation floats over slaves."

A PLEASURE AND A DUTY.

I consider it not only a pleasure but a duty I owe to my neigbors to tell about the wonderful cure affected in my case by the timely use of Chamberlain' Colic, Cholera, and Diarrhoea Remedy. A few doses of it affected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease—J. W. Lynch, Dorr, W. Va. This remedy is sold by C. E. Holton, Druggist.

AN EPIDEMIC OF WHOOPING COUGH.

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and natually turned to it at that time and found it relieved the cough and affected a complete cure.—John E. MANY LIVES SAVED.

In almost every neighborhood there is some one whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever an opportunity offers, hoping that it may be the means of saving other lives. For sale by C. E. Holton, druggist.

Most men have their wits sharpened on the grindstone of adversity.

"I had stomach trouble twenty years and gave up hope of being cured till I began to use Kodol Dyspepsia Cure. It has done me so much good I call it the savior of my life," writes W. R. Wilkinson, Albany, Tenn. It digests what you eat. Howard Gardner.

AN ANCIENT BELIEF.

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of siatic or inflammatory rheumatism will agree that the affliction is demoniac enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by C. E. Holton, Druggist.

SAM HOUSTON'S SECRET.

Why He Left His Wife and Joined the Cherokees Is a Mystery.

"A mystery in which the American people were once deeply concerned was that which shadowed the life of one of the most remarkable characters of the country," writes William Perrine in The Ladies' Home Journal. "In 1829 Samuel Houston, or, as he called and signed himself, 'Sam' Houston, was governor of Tennessee. It was in the midst of a campaign for re-election to the gubernatorial chair that Tennessee was startled by a report that he had resigned his office. He had been married to the daughter of an influential family. Three months afterward she returned to her father's house, and her husband resolved to pass the rest of his life in the wilderness.

"Houston betook himself to the tribe of Cherokees in the Indian Territory. He adopted their costume, appearing in all the trappings of an Indian brave, letting his hair grow down his back and visiting Washington with a buckskin hunting shirt, yellow leggings, a huge blanket and turkey feathers around his head. No one could induce him to reveal the secret of his metamorphosis and his abandonment of the ways and habits of civilization. He married again after he emerged from his Indian life, and he lived to be an old man, dying in the midst of the civil war, but no one was ever able to persuade him to unlock the mystery of his life. Nor would his first wife, who also married again, throw any light on the mystery."

Poaching Eggs.

Break an egg carefully into a coffee cup and sprinkle it lightly with salt and pepper. Have ready a small stewpan containing some boiling beef tea which has been nicely seasoned. Carefully slip the egg into the pan and poach it in the usual way. When it is done, place it on a rather thick round of buttered toast. Thicken a small quantity of beef tea quickly with a little corn flour and pour it over the egg.

Another way of serving a poached egg is as follows: Break a new laid egg into a buttered teacup, season it with salt and pepper and place the cup in a stewpan containing sufficient boiling water to reach rather more than half way up the cup. As soon as the egg is set turn it carefully on to a piece of hot, buttered toast. While the egg is cooking boil a small quantity of cream in a saucepan, season it with a little celery, salt and pepper and add a teaspoonful of chopped parsley to it. Pour the cream over the egg and serve at once.—New York Post.

Taffy's Retort.

A Welshman, walking through a fashionable street in London, noticed on a door a bell. At the side of the bell were these words, "Please ring the bell."

Taffy went and rang the bell. In a second a powdered little footman appeared and asked him what he wanted. "Nothing," said the Welshman, "but I rang the bell because it says so."

"Oh," said the footman, with a smile, "I see you come from the country where nannygoats grow on gooseberry bushes!"

"Yes," answered the Welshman. "But in London there are more wonderful sights. You have only to ring a bell, and a monkey pops out."—London Telegraph.

The Cure Stuck.

Lady—Some weeks ago I bought a plaster here to help me get rid of rheumatism.

Druggist—Well, ma'am, I hope it did its work.

Lady—Yes, but now I want something else to help me to get rid of the plaster.

Philosophy teaches us how easy it is for any man to forget his troubles, provided he is so fortunate as to be somebody else.

On an average every man, woman and child in this country consumes about three bushels of apples per year.

CATARRH CAN BE CURED BY

Johnston's Sarsaparilla

QUART BOTTLES.

"DANGER IN THE EARTH AND AIR; DANGER EVERYWHERE."

A Wise and Venerable Doctor Talks about Advanced Science.

In a leading hotel, in a great city, a famous and aged physician was conversing. Listening to his wise and sententious discourse, were a group of well dressed men, evidently lawyers, business men and commercial travelers.

My firm belief, is "that medical science is certain yet to show that all diseases without exception are caused by invisible germs which are living organisms. Here is the germ of that terrible disease diphtheria. Here is the bacillus of typhoid fever; and here is the still more dreadful bacillus of tubercle which causes that most destructive of all diseases, consumption. This of that very common and supposed incurable disease, catarrh."

"I wish, Doctor," said the traveling man, "that you would tell us about catarrh. I have had it for years, and I am thoroughly discouraged."

The Doctor answered. "Catarrh, like diphtheria, consumption, typhoid fever, and a host of other diseases, is the result of a microbe invading the blood and attacking specially the mucous membrane. This foul and most disgusting disease is especially prevalent in the United States and it is rare to meet one who is not, or has not been troubled more or less with it. How often is he or she obliged to remain at home from pleasant entertainments, deprive themselves of many intellectual treats, from fear of the disagreeable odor arising from catarrhal affections. In its worst phase, the patient becomes loathsome both to himself and his friends.

"I believe," continued this great physician, "that the true way to heal catarrh is to medicate the blood. This can be done only by powerful alteratives which act as blood purifiers."

Betsy A. Marett, of Manistee, Manistee Co., Mich., writes:

Dear Sirs:—For ten years I was a sufferer from general debility and chronic catarrh. My face was pale as death. I was weak and short of breath. I could hardly walk, I was so dizzy and had a ringing in my head all the time. My hands and feet were always cold. My appetite was very poor. On getting up in the morning, my head swam so I was often obliged to lie down again. I had awful pains in the small of my back. I had a continual feeling of tiredness. My muscular power was almost entirely gone, and I couldn't go half a dozen steps without stopping to rest, and often that much exercise caused me to have a pain in my side. It seemed as though the blood had left my veins. The doctors said my blood had all turned to water. I had given up all hope of ever getting well. I tried the best physicians in the state, but failed to get any relief. My husband got me a bottle of Johnston's Sarsaparilla. I took it, and then I bought another. When these had been used, I was somewhat improved in health. I continued its use, and felt I was growing stronger; my sleep was refreshing, and it seemed as if I could feel new blood moving through my veins. I kept on taking it, and now consider myself a well and rugged woman. I work all the time, and am happy. I am positive that the Sarsaparilla saved my life. The sick headaches I have had since childhood, have disappeared, and my catarrh has almost entirely left me. I cannot be too thankful for what Johnston's Sarsaparilla has done for me. I recommend all women who have sick headaches to use your Sarsaparilla.

Next Tuesday night Pre ident J. B. Dudley, of the colored Agricultural and Mechanical College, this city, will address the Bethel Literary Society of Washington City on the race prob'em. This is the most prominent literary organization among the colored people in America, and Prof. Dudley's lecture will be one of a series on this subject. He will be followed by John C. Dancy, of Wilmington. Booker T. Washington will deliver the last lecture of the series.

B. Y. P. U. Social.

The Baptist Young People's Union of West Washington Street Baptist church tendered the congregation a social last evening. The occasion was greatly enjoyed by those present, though the attendance was not as great as the Union had prepared for. There was some good music, and delighful refreshments were served.

Mrs. E. E. Richardson and Misses Lessie Hunter and Bessie Eller had charge of the evening's entertainment

Democratic Executive Committee.

The primaries of the various wards last night elected the following named gentlemen members of the city Democratic executive committee:

First Ward—Chas. H. Ireland.
Second Ward—H. W. Wharton.
Third Ward—J. S. Michaux.
Fourth Ward—E. J. Stafford.
Fifth Ward—E. E. Bain.
Sixth Ward—Lee T. Blair.

Ex-Sheriff Hoskins for Member of Election Board.

On account of being nominated by the Republican State convention for corporation commissioner, it will be necessary for State Senator Franks, of Swain county, to resign his membership on the State Board of Elections. At a caucus of Republicans in Raleigh, after the adjournment of the convention, ex-Sheriff J. A. Hoskins, of this county, was slated for the position, and it is presumed that he will be elected.

To Preach on the Confession of Faith.

At the First Presbyterian church Sunday morning Rev. Dr. E W. Smith will preach a special sermon on the Westminister Confession of Faith. In view of the fact that so much has been said of this matter of late, and of the erroneous ideas held by many people, a discussion of the confession at this time will be especially appropriate.

Dr. Smith is not given to preaching doctrinal sermons, but he feels that the occassion demands something along this line. He will doubtless be heard with great interest, for few ministers are better versed in the principles and doctrines of the Presbyterian church

Vick's Yellow Pine is warranted best prescription for coughs and lung troubles—25c.

TO SUCCEED JUDGE ADAMS.

Probable That J. R. Joyce Will Receive the Republican Nomination for Congress.

It has been conceded all along that Judge Spencer B. Adams, of this city, would again be nominated by the Republicans of this district to make the run for Congress. So long as he was available, no one else could develop equal strength or following, but since he has been nominated for Governor by his party some interest has been aroused in the Congressional nomination.

There is considerable speculation as to who will receive the empty honor and the names of several gentlemen have been mentioned. Among the more prominent prospective candidates are Rev. Dr. Daniel Albright Long, of Alamance county; J. R. Joyce, of Rockingham, and R. J. Petree, of Stokes.

From what can be learned from Republicans who attended the State convention in Raleigh this week, and took part in making and breaking slates, Mr. Joyce will be an easy winner when the district convention assembles in Greensboro. He has been in political life several years, being at one time private secretary to Congressman Settle. He is at present in charge of the revenue office at Reidsville.

Mr. Joyce is said to be a strong campaigner.

County Election Board.

The Guilford County Election Board met this afternoon and effected an organization. The board is composed of W. R. Land and H. W. Wharton, of Greensboro, and R. A. Wheeler, of High Point.

Mr. Wheeler was elected chairman and Mr. Wharton secretary.

Heavy Hailstorm.

A heavy hailstorm last night is reported from the vicinity of Salisbury. The wheat crop and other growing vegetation is said to be badly damaged, in some places the trees being stripped of their leaves.

This was probably responsible for the cool wave of last night and this morning.

CONVENTION TONIGHT.

Every Democrat in Greensboro Should be at the Court House at 8:30.

The Democrats of Greensboro will assemble in the court house this evening at 8:30 o'clock for the purpose of ratifying the nominations of the primaries and to nominate a candidate for mayor.

So far the work has been well done, and it only remains for the Democrats to further prepare for the victory on Monday.

If you are interested in the success of Democracy in Greensboro and the continued prosperity of our city, it means that you should be at the court house this evening.

The Guilford Collegian.

The April number of the Guilford Collegian is out, bearing its usual amount of interesting matter. Rev Joseph H. Peele, of this city, contributes a sketch of Annie V. Edgerton, which is preceded by an excellent likeness of the subject. President Hobbs writes interestingly of E. L. Godkin, the retired editor of the New York Evening Post, while Rev. James R. Jones contributes an article on "The Ten Tribes of Israel." Mr. Jones takes the position that the claim of the descendancy of the Anglo-Saxon sfrom the ten lost tribes is founded on tradition, and says he has been unable to find the proof of this claim, either in sacred or profane history.

The current number of the Collegian contains several other interesting articles, along with the usual amount of editorial and local matter.

Classical and Comedy Entertainment

The entertainment to be given at the Academy of Music on Thursday evening, May 10th, for the benefit of St. Benedict's Catholic church, will be one of the most pleasing entertainments of the kind that is placed on the stage. De Carr, also vocal, instrumental solos and character sketches by talented persons; classical and comedy. Fun for all. Do not fail to see it. Tickets, 25 cents. Curtain raised 8:15 p. m.

FOR CRIMINAL ASSAULT.

John Vickers, an Employe of Prox'mimity, Charged With Two Offences.

Warrants were sworn out today charging John Vickers, a night watchman at the Proximity Cotton Mills, with criminal assult in two cases. The first offence is alleged to have been committed upon Annie Kincaid, an 18-year-old employe of the mills, Monday night The second offence was committed upon another operative, Bertha Lineberry, aged 19 years, Tuesday night.

It is said that the condition of the girls was such that they were unable to come up town and make affidavits before today, hence the warrants were not sworn out earlier. The matter was kept quiet for fear that Vickers would leave town to escape prosecution.

The defendant is a married man and has been employed at Proximity only a short while, coming here from Durham.

The case came on for a hearing befor Justice Wolfe this afternoon at 3 o'clock, but was removed to 'Squire Pritchett's court. The trial was in progress when the Telegram went to press.

THE BROOKLET.

"Oh, silver brooklet, flowing clear,
Forever speeding past me here,
I stand and ponder on thy flow;
Whence comest thou? Where dost thou go?"

"From out the rock's deep heart I glide,
O'er flowers and moss my course I guide.
There floats upon my mirror true
The picture of the heaven's blue.

"So, like a child without a care,
I bound along, I know not where;
He will, I trust, my Leader be,
Who from earth's bosom summoned me."

—S. J. Underwood, From the German of Goethe.

ROYAL NAMES A HOODOO.

One of the Strongest Superstitions of the English Navy.

One of the very strongest and most ineffaceable of all superstitions in the royal navy, a superstition that is almost as strong today as ever it was, is that vessels bearing the names of royal personages are doomed to ill luck, and, strange as it may seem, there is an undeniable historic basis for this feeling.

Some of the most terrible disasters ever known in connection with our navy have concerned war vessels with royal names. Two vessels called the Royal James came to disastrous ends. One of them exploded, and some 800 officers and seamen perished. The other ship so named was actually carried out of the mouth of the Thames by the Dutch Admiral de Ruyter under circumstances disgraceful to those in charge of the craft.

Then there is the forever memorable disaster to the Royal George, an unlucky ship previously, that turned over and sank in sight of crowds at Spithead, over 1,000 souls, among whom were 300 women, being sacrificed. And second only to this hideous disaster is that which afterward befell the Royal Charlotte, which, after a career of much vicissitude, was consumed by fire off Leghorn, over 800 of the very flower of the navy perishing with her.

When in 1893 the Victoria, a new vessel and the very triumph of modern invention so far as naval architecture went, was rammed and sank at once in sight of the whole fleet and when hundreds of lives were lost, there was not a sailor, however matter of fact he might be, who did not remember the dire fate of the royally named craft. These instances are only the greater ones. A score of smaller ones are reeled off by every royal navy man.—Tit-Bits.

Paid For His Joke.

The editor is fond of a joke and has the good sense to appreciate one at his own expense. A few weeks ago he was walking with a friend, and at the corner of a busy thoroughfare he saw a dilapidated looking Hibernian standing at the opposite corner gazing listlessly into vacancy.

"Watch me surprise this old fellow," said he to his friend. "Look right into his face and see if it won't be a study."

A second later they were abreast of the son of Erin, and the editor pulled out a silver coin and said as he thrust it into the man's hand: "Here's that half a crown I owe you. Now, don't go round any more telling people that I don't pay my debts."

For a second the man's face was a study. He was amazed at the unlooked for kindness, and then, as its purport dawned on him, he raised his hat and said: "Heaven bless yer 'onner! I'll never say another word ag'in ye. But," and his eyes twinkled merrily, "are ye sure it wasn't a crown ye owed me?"

The friend roared: "Oh, pay the man in full! Don't try to beat him out of a paltry half crown." The Irishman got his crown, but the editor no longer pays his debts at sight now.—London Telegraph.

Next to the Consumer

is where we stand in the lumber business. At the kicking post, as it were, in regard to prices.

First comes the owner of the timber. He just woke up to the value of it and wants double last year's prices. Then the sawmill man. He has not been making a fortune and thinks now he should share a little in the general prosperity

They say to us: "We must have so much for our trees and work." After a while it is "up to you." Don't kick. You don't suppose we have nerve enough to put up prices unless they had first been put up on us. No, indeed. But prices are NOT high. They have been to low and are just now getting reasonable. Your children will be glad to build at double the price it now costs you. It is a trite, but true saying, if you want to build, "Now is the time."

And ours is the place to get the stuff.
